

Profile

Dynamic and dedicated Computer Engineering student with a passion for data science and artificial intelligence. Equipped with a solid foundation in computer science principles and practical experience in software development.

Certificates

- Junior Secondary School Certificate Examination (BECE)
- West African Senior Secondary Certificate Examination (WAEC)
- Certificate of Completion (HCIA-Datacom v1.0 Course)

Education

Computer Engineering B. Eng, <i>Nile University Of Nigeria</i>	2020 – 2025 Abuja, Nigeria
Intelligence Quotient (IQ) Academy West African Senior Secondary Certificate Examination (WAEC) Junior Secondary School Certificate Examination (BECE)	2014 – 2020 Abuja, Nigeria
Intelligence Quotient (IQ) Academy First School Leaving Certificate	2008 – 2014 Abuja, Nigeria

Skills

Python	● ● ● ● ●	C++	● ● ● ● ●
Java	● ● ● ● ●	data structures and algorithms	● ● ● ● ●
Time Management		Problem Solving	
Adaptability		Machine Learning Techniques	

Projects

Radar Detection System,

Designed and implemented a radar detection system using Arduino microcontrollers and ultrasonic sensors.

Self-Parking Car,

Engineered a self-parking car prototype utilizing microcontrollers, ultrasonic sensors, and servo motors.

Robotic Arm, *Designed and constructed a robotic arm using microcontrollers, motors, and sensors to simulate human-like movements and dexterity.*

Achievements

Successfully completed coursework in Machine Learning, Data Mining and Data Structures

Actively engaged in extracurricular activities, including coding courses and tech meetups, fostering a network of like-minded individuals

Languages

- English
- Hausa
